- 3. Public Hearing Introduction**

Patty Rendon, Space Coast TPO Transportation Planner, provided an overview of the purpose of the Annual Public Hearing. The annual public hearing provides an opportunity for the Transportation Disadvantaged Local Coordinating Board (TDLCB) to hear public input on the transportation disadvantaged (TD) paratransit service. Space Coast Area Transit provides specialized services to meet the needs of community members who are transportation disadvantaged. These specialized services include transportation disadvantaged and Americans with Disabilities Act paratransit service, Volunteers in Motion services, contracted routes and hurricane evacuation emergency support transportation. Space Coast Area Transit operates transportation disadvantaged paratransit service to serve

the mobility needs of Brevard County citizens who are unable to use fixed route bus service or trolley service. TD paratransit service uses mobility device accessible paratransit vehicles to transport passengers throughout Brevard County on a daily basis. The paratransit service is a point of origin to point of destination service operating from 7 a.m. to 8:00 p.m. daily. Trip reservations must be made between 8:00 a.m. and 5:00 p.m. The intent of a TD paratransit service is to ensure that individuals who are transportation disadvantaged have equal access to public transportation.
